## INFORMATIVE DIGEST

### Summary of Existing Regulations and Policy Statement Overview

California Insurance Code Section 1875.18(a) requires that every bodily injury medical payment, or uninsured motorist claim made under a policy of automobile insurance shall be available, upon request, to law enforcement in this state whenever the claim relates to an event that occurred within the state.

California Insurance Code Section 1875.18(b) provides that any claim subject to 1875.18(a) shall be made available to law enforcement without regard to any limitation in the Insurance Information and Privacy Information Act or any other provision of law.

Section 1875.18(c)(1) provides that a claims analysis bureau shall provide automobile claims information upon request to law enforcement agency pursuant to the authority of California Insurance Code Section 1875.18 subdivision (a).

Section 1875.18(d)(2) provides that the Insurance Commissioner has the authority to promulgate regulations that establish rules for the access to and use of any information requested or obtained pursuant to this section, and the circumstances under which that information may be inspected or corrected.

In 2006, the Insurance Commissioner promulgated regulations pursuant to the 1875.18(d)(2) that are now found at California Code of Regulations, Title 10, Chapter 5, and Section 2698.80–89.1. These regulations set forth detailed rules that insurers must comply with regarding the access to and use of any information requested or obtained pursuant to this section, and the circumstances under which that information may be inspected or corrected. The Insurance Commissioner has adopted these rules and following approval by OAL they became effective as law in December, 2006.

Subsequent to approval by the Office of Administrative Law, the Commissioner received an inquiry regarding whether the language contained in the second sentence of Subsection 2698.82(b) was correct or a mis-

statement of the law. The first sentence of Subsection 2698.82(b) provides that any supplemental insurance claims information provided to the insurer during the life of the claim shall be reported within 60 days of receipt of the supplemental insurance claims information. The second sentence goes on to provide that only supplemental insurance claims information regarding the categories set forth in California Insurance Code 1875.15 must be reported. California Insurance Code Section 1875.15(a) is wholly unrelated to California Insurance Code Section 1875.18. Although, the cited subsection may appear to be appropriate, it was the Commissioner's intent to implement, interpret and make specific the provisions of California Insurance Code 1875.18 as required by statute. California Insurance Code 1875.15 is inapplicable to these regulations.

The specific purpose of each adoption, and the rationale for the determination that each adoption is reasonably necessary to carry out the purpose for which it is proposed, together with a description of the public problem, administrative requirement, or other condition or circumstance that each adoption is intended to address, is set forth below.

The Commissioner has determined that the adoption of an amendment to regulations is necessary in order to effectively administer California Insurance Code Sections 1875.18(a)–(d). The amendment to regulations proposed herein would do the following:

#### **EFFECTS OF PROPOSED ACTION**

Proposed Section 2698.82(b) requires insurers to deposit any supplemental claims information provided to the insurer during the life of the claim to the CAB within 60 days of receipt of the supplemental claims information. This sentence remains the same. The second sentence of the subsection (as amended ) provides that only supplemental insurance claims information regarding the categories set forth in California Insurance Code Section 1875.18 must be provided pursuant to this subsection. This section is reasonably necessary in order to fully implement the statutory scheme established by California Insurance Code Section 1875.18. It provides clarity and sets forth the correct statutory citation that the regulated entity must follow in order to ensure compliance with the regulations. This section is reasonably necessary to fully implement California Insurance Code Section 1875.18(d) in that it clarifies and delineates the specific statutes that a CAB must follow.

#### **MANDATES**

These regulations do not impose any mandate on local agencies or school districts. There are no costs to lo-

cal agencies or school districts for which Part 7 (commencing with Section 17500) of Division 4 of the Government Code would require reimbursement.

#### **COSTS OR SAVINGS TO STATE/LOCAL AGENCY OR SCHOOL DISTRICT OR IN FEDERAL FUNDING**

The Commissioner has determined that the proposed regulations will result in no cost or savings to any state agency, no cost to any local agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of the Government Code, no other nondiscretionary costs or savings imposed on local agencies, and no cost or savings in federal funding to the state.

#### **ECONOMIC IMPACT ON BUSINESSES AND THE ABILITY OF CALIFORNIA BUSINESSES TO COMPETE**

The Commissioner has made an initial determination that the proposed regulations will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

#### **IMPACT ON PRIVATE PERSONS/BUSINESSES**

The Commissioner is not aware of any cost impacts that are representative private person or business would necessarily incur in reasonable compliance with the proposed action.

#### **ALTERNATIVE STATEMENT**

The Commissioner must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective as and less burdensome to affected private persons than the proposed action.

#### **FINDING OF NECESSITY**

The Commissioner finds that it is necessary for the welfare of the people of the state that law enforcement have access to insurance claims information.

#### **EFFECT ON JOBS AND BUSINESSES IN CALIFORNIA**

The Commissioner is required to assess any impact the regulations may have on the creation or elimination

of jobs in the State of California, the creation of new businesses, the elimination of new businesses, and the expansion of businesses currently operating in the state. The Commissioner does not foresee that the proposed regulations will have an impact on any of the above but invites interested parties to comment on this issue.

#### IMPACT ON HOUSING COSTS

The Commissioner has preliminarily determined that the matters proposed herein will have no effect on housing costs.

#### IMPACT ON SMALL BUSINESS

The Claims Analysis Bureau (a licensee of the commissioner) is the principle entity regulated by the proposed rules. These entities are not small business within the meaning of the California Government Code, as they are required by statute to be non profit. The Commissioner has preliminarily determined that these regulations should have no impact on any small business.

#### COMPARABLE FEDERAL LAW

There are no existing federal regulations or statutes comparable to the proposed regulations.

#### TEXT OF REGULATIONS AND INITIAL STATEMENT OF REASONS

The Department has prepared an initial statement of reasons that sets forth the reasons for the proposed adoption of the regulations. Upon request, the initial statement of reasons will be made available for inspection and copying. Written requests for the initial statement of reasons or questions regarding this proceeding should be directed to the contact person listed above. Upon request, the final statement of reasons will be made available for inspection and copying once it has been prepared. ## INFORMATIVE DIGEST

### **Existing Laws and Regulations**

Insurance Code Section 12693, et seq., established the Healthy Families Program (HFP) in 1997, under the direction of the Managed Risk Medical Insurance Board (MRMIB).

Title 10, California Code of Regulations, Chapter 5.8 implements the Healthy Families Program.

### **Policy Statement Overview**

In August 1997, The Federal Government established a new program, the State Children's Health Insurance Program (SCHIP), by adding Title XXI to the

Social Security Act. The purpose of the program is to provide health services to uninsured, low-income children. The program is targeted to serve children whose family's income, although low, is too high to qualify for the Title XIX Medicaid Program, called Medi-Cal in California. The Legislature passed, and the Governor signed AB 1126, resulting in Chapter 623, Statutes of 1997 (AB 1126). Under that law, California took the option of both expanding its Medi-Cal Program and establishing a new stand alone children's health insurance program, the Healthy Families Program (HFP). The Department of Health Care Services (DHCS) administers the Medi-Cal expansion through its own regulations. The Managed Risk Medical Insurance Board (MRMIB) administers the HFP. The basic structure of the HFP is set out in regulations approved by the Office of Administrative Law, which established Chapter 5.8 of Title 10 of the California Code of Regulations.

This regulation package covers two main areas. The first is changing the regulations to conform to a change in law, AB 343 (Chapter 234, Statutes of 2004). The second is a major update of the HFP health, dental and vision benefits structure.

AB 343 included a provision that a new subscriber in the program shall be allowed to change plans for any reason within the first three months of coverage. Currently, in conjunction with a prior change that allowed health plans to provide formal application assistance, subscribers are allowed, as a consumer protection, to change health plans for any reason within the first three months of coverage. However, when dental or vision plans were later also given the ability to perform formal application assistance, the 90 day protection was not included. New subscribers could only change vision or dental plans for any reason within the first thirty (30) days of coverage.

AB 343 provides subscribers with the same amount of time to transfer to another dental or vision plan as they have to transfer to another health plan. AB 343 states that a new subscriber in the program shall be allowed to transfer to another plan once within the first three months of coverage for any reason.

Implementing AB 343 will require changes to Section 2699.6619 (Transfer of Enrollment) in the current HFP regulations to assure conformity with the statute change, as contained in Insurance Code Section 12693.326.

California Insurance Code section 12693.60 requires that the benefits provided to HFP subscribers meet, at a minimum, the federal benefits requirements contained in SCHIP. The HFP complies with the federal standard by using the California State employees' benefits package as the benchmark for its health, dental, and vision benefits coverage. Insurance Code section 12693.21(h) allows the Managed Risk Medical Insurance Board to

determine the benefit designs and copayments required in the HFP. In addition, plans participating in the HFP are required to provide benefits consistent with the requirements of the Knox-Keene Health Care Services Plan Act of 1975, as amended (Health and Safety Code Sections 1340, et seq.), and the regulations that interpret Knox-Keene (California Code of Regulations, Title 28). The Department of Managed Health Care (DMHC) is the regulatory agency for most of the health, dental and vision plans participating in the HFP. DMHC reviewed the HFP models for Evidence of Coverage developed by the Board to streamline the annual review by Board staff of each plan's benefit structure. The review was based on DMHC expertise in interpreting the regulatory standards and of health care industry standards. Several of the additions are being made based on the DMHC review. The benefits required under the Knox-Keene Health Care Service Plan Act are fully consistent with the federal requirements of SCHIP.

MRMIB is amending Article 3: Health, Dental and Vision Benefits, of the HFP regulations to ensure that HFP benefits remain consistent with the benchmark benefits provided to State employees and the Knox-Keene Health Care Service Plan Act. An additional benefit is added to the HFP vision benefits. This is the addition of tinted, polycarbonate lenses, which are appropriate for a benefit structure serving children, who are more likely to break glasses. Additionally, Article 3 is amended to update the language to conform to the language used by HFP plans and to clarify and organize the benefit descriptions in logical sequence.

The changes to the HFP benefit structure impact Sections 2699.6700, on Scope of Health Benefits, 2699.6703, on Excluded Health Benefits, 2699.6705, on Share of Cost for Health Benefits, 2699.6709, on Scope of Dental Benefits for Subscriber Children, 2699.6711 on Scope of Dental Benefits for Subscriber Parents, 2699.6713, on Excluded Dental Benefits for All Subscribers 2699.6715, on Share of Cost for Dental Benefits for Subscriber Children, 2699.6717 on Share of Cost for Dental Benefits for Subscriber Parents, 2699.6271, on Scope of Vision Benefits, 2699.6723 on Excluded Vision Benefits and Share of Cost for Vision Benefits. The specific changes and reasons for the changes are covered in greater detail in the Initial Statement of Reasons.

Please note that although the sections on benefits for subscriber parents are being updated to conform with Knox-Keene and for consistency with the changes to children's benefits, the expansion of the HFP to subscriber parents remains unfunded and parents are not covered through the HFP.

These regulations were reviewed in a public meeting by the Managed Risk Medical Insurance Board on

March 23, 2005 and approved by the Board at a public meeting on April 27, 2005.

**Documents Incorporated by Reference**

No documents were incorporated by reference.

**DETERMINATIONS**

In accordance with Government Code Section 11346.5(A)(7), the Managed Risk Medical Insurance Board must determine that no reasonable alternative considered by the Board, or that has been otherwise identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the regulations are proposed or would be as effective and less burdensome to affected private persons than the proposed regulations.

The Managed Risk Medical Insurance Board has determined that the regulations would not impose a mandate on local agencies or school districts, nor are there any costs for which reimbursement is required by Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

The proposed action will not have an adverse economic impact on California business including the ability of California business to compete in other states. Although changes to the HFP benefits may impact the costs of health, dental and vision plans who participate in the program, participation remains voluntary and plans have the opportunity to cover the impact of the changes through the annual contract negotiation process.

The Proposed Action Differs Substantially From an Existing Comparable Federal Regulation or Statute: No Mandates on Local Agencies or School Districts:

None

Mandate Requires State Reimbursement Pursuant to Part 7 (commencing with section 17500) of Division 4 of the Government Code:

None

Cost to Any Local Agency or School District That Requires Reimbursement Pursuant to Part 7 (commencing with section 17500) of Division 4:

None. The regulations impact individual families participating in the HFP and health, dental and vision plans that voluntarily contract to provide HFP services.

Nondiscretionary Costs or Savings Imposed on Local Agencies:

None

Cost or Savings to Any State Agency:

The main purpose of these regulations is to update the HFP health, dental and vision benefits to meet the standards of the Knox-Keene Health Care Services Act and the HFP benefit benchmarks, which are based on state employee benefits. In addition tinted, polycarbonate

lenses are being added to the vision benefits, because these lenses are more appropriate to a program serving children. Participating plans are required by regulation to continuously update the HFP benefit standards to meet Knox-Keene standards, so the cost has already been included in negotiated rates. The addition of tinted, polycarbonate lenses does raise the cost of rates paid to vision plans. These costs are believed to be negligible and any adjustments to the vision rates have been included in the Governor's Budget for the Current and Budget Year.

These regulations will also allow a new subscriber in the Healthy Families Program (HFP) to be allowed to change plans for any reason within the first three months of coverage. Currently, subscribers are allowed to change health plans for any reason within the first three months of coverage. However, families were not allowed to change dental or vision plans within the first three months of coverage. Families could only change vision or dental plans for any reason within the first thirty (30) days of coverage. AB 343 provides subscribers with the same amount of time to transfer to another dental or vision plan as they have to transfer to another health plan. There is no known cost impact to this change.

No additional funds are being requested as a result of these regulations since health, dental and vision plan rates are taken into account during the annual budget estimate for the Healthy Families Program.

Cost or Savings in Federal Funding to the State:

Under the Title XXI State Children's Health Insurance Program (S-CHIP), the Federal government covers 65% of all eligible program cost. The impact on federal funding will also be included in the annual budget estimate for the Healthy Families Program.

Business Impact Statement

The Board has assessed the impact of these regulatory changes on California businesses, including small businesses. There is no known significant statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states. The changes mainly involve individual families enrolling in the HFP and the health, dental and vision plans which provide HFP services. The Board has assessed that the impact of these regulatory changes will not be significant enough to either create new jobs or businesses or eliminate existing jobs or businesses or affect the expansion of businesses currently doing business within California.

Cost Impact on Representative Private Persons or Businesses

The Board has considered the cost impact on representative private persons or businesses impacted by these regulations. The Board is not aware of any major cost impacts that a representative private person or

business would necessarily incur in reasonable compliance with the proposed action. There are no changes to co-payment levels for health benefits and only clarifying changes as to when co-payments will be for root canals in the dental benefit. In addition, subscribers are not required to pay an additional co-payment for tinted, photo chromic and polycarbonate lenses.

## **INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW**

Currently, Sections 10310, 10360, 10810, 10820, and Appendix D and Appendix F, to the Commission's regulations contain the requirements for filing a complete permit application. The Commission proposes to update its filing requirements to achieve three general goals. First, the updates would reflect changes in the Commission's policies. The application form and related regulations have not been updated for seven years. Since that time, the Commission's policies have changed, and these policies provide the analysis that is necessary in order for the Commission to approve a proposed project.

Second, some of these proposed updates would help applicants file all the necessary information, and so make the Commission's analysis as efficient as possible. Some of these changes were considered and agreed upon by the Commission after discussions with the regulated community.

Third, the updates would make editorial changes to eliminate duplication and make the application form more readable, and to make the consistency among the regulations.

sponsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein are vested in the Director. Commencing July 1, 2005, the supervision, management, and control of the state prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein are vested in the Secretary of the CDCR.

## AVAILABILITY OF TEXT OF INITIAL STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

Copies of the exact language of the proposed changes to the regulations, indicated by underline for additions and strikeout for deletions and written in plain English, the Initial Statement of Reasons, and the Minutes of the Paramedic Task Force meetings, and other information will be available on the EMS Authority website at [www.emsa.ca.gov](http://www.emsa.ca.gov), at the office of the EMS Authority at the address listed above, and at the public hearing noted above.

## AUTHORITY AND REFERENCE

Health and Safety Code (H&SC) section 1797.107 authorizes the EMS Authority, upon approval of the Commission on Emergency Medical Services, to adopt, amend or repeal regulations, which would implement, interpret, or make specific the provisions of H&SC Division 2.5 for the development and maintenance of emergency medical services (EMS) in California. H&SC section 1797.172 authorizes the EMS Authority to develop standards, policies and procedures for the training, scope of practice, licensure, and relicensure of paramedics.

H&SC sections 1798.200 and 1798.204 authorize the EMS Authority to deny, suspend, or revoke any paramedic license or to place a paramedic license holder on probation for specific actions and to establish guidelines for the proceedings for disciplinary action. H&SC Section 1798.210 authorizes the EMS Authority to impose an administrative fine of up to two thousand dollars per violation on any licensed paramedic found to have committed any of the actions described in H&SC section 1798.200 that did not result in actual harm to a patient. H&SC section 1798.210 requires the EMS Authority to establish the administrative fine structure in regulations and along with H&SC section 1798.211 provides some guidance in assessing a fine.

## INFORMATIVE DIGEST/PLAIN ENGLISH POLICY STATEMENT OVERVIEW

The EMS Authority is proposing to amend the Emergency Medical Technician-Paramedic (Paramedic) Regulations contained in the California Code of Regulations, Title 22, Division 9, Chapter 4, Article 1, Sections 100140, 100141, and Article 4, Section 100163, and Article 9, Sections 100172 and 100174 as well as amend the "EMS Authority Recommended Guidelines for Disciplinary Orders and Conditions of Probation", dated July 10, 2002, that are incorporated by reference

in Article 9 of the regulations. Article 1 of these regulations defines the paramedic licensure written and skills examination, Article 4 specifies the provisions for the paramedic licensure application and examinations, and Article 9 specifies the provisions for taking disciplinary action against a paramedic license pursuant to Division 2.5 of the H&SC.

The objectives in amending these regulations are the following:

- Change from one year to two years the amount of time that the paramedic licensure written and skills examination results are valid.
- Allow paramedic students to take the paramedic skills licensure examination after successful completion of the didactic and skills laboratory portion of the paramedic training program.
- Include a provision for fines as one of the forms of disciplinary action that can be taken, in some cases, when a paramedic has been found to be in violation of H&SC section 1798.200.
- Revise the "EMS Authority Recommended Guidelines for Disciplinary Orders and Conditions of Probation", dated July 10, 2002, to include the provision for fines and establish a fine structure for assessing fines.
- Make grammatical changes for consistency and re-order language for clarity.

## MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

The EMS Authority has determined that the proposed amendments to the regulations do not impose a mandate on local agencies or school districts.

## ESTIMATE OF COST OR SAVINGS TO ANY STATE OR LOCAL AGENCY OR SCHOOL DISTRICT

The EMS Authority has determined that there may be costs to the California Department of Highway Patrol (CHP) if one of their paramedics is fined for a violation of Health and Safety Code Section 1798.200 and the CHP pays the fine for their paramedic. The EMS Authority has determined that there are no costs or savings to any other state agency or school district by the proposed amendments to the regulations. The EMS Authority has determined that there may be a cost to some fire departments and public safety agencies that may choose to pay any disciplinary fine assessed on any of their paramedic employees. The EMS Authority has also determined that there are no other non-discretionary costs imposed upon local agencies by the proposed amendments to the regulations. There is no cost to any

local agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4.

#### **IMPACT ON BUSINESSES**

The EMS Authority has made an initial determination and declares that the proposed amendments to the paramedic regulations will not have a significant, state-wide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

The EMS Authority has relied on discussions with representatives of EMS constituent groups in making this determination. These groups include representatives of paramedic training programs, paramedic unions, private and public ambulance services, nurse unions, law enforcement agencies, state agencies that employ paramedics, physician groups, continuing education providers, local EMS agency administrators, and local EMS medical directors.

#### **COST IMPACTS TO REPRESENTATIVE PRIVATE PERSONS OR BUSINESS**

The EMS Authority has determined that the cost to representative private persons or businesses would be minimal. The proposed amendment to assess fines, in some cases, for disciplinary action taken on a paramedic license may increase the cost of licensure to a small percentage of paramedics (approximately 2% of 16,000 licensed paramedics), who may be found to be in violation of H&SC section 1798.200. It may increase the cost of paramedic licensure to those employers that choose to pay the fines for any of their employees who are paramedics found to be in violation of H&SC section 1798.200.

#### **SMALL BUSINESS IMPACT STATEMENT**

The EMS Authority has determined that the proposed amendments to the regulations may affect small business, specifically paramedic employers, as noted above.

#### **POTENTIAL ECONOMIC EFFECT**

The EMS Authority has made an assessment that the proposed revisions to the regulations will not create or eliminate jobs in California, will not create new businesses or eliminate existing businesses in California, and will not affect the expansion of businesses currently doing business in California.

#### **FEDERAL FUNDING TO THE STATE**

The EMS Authority has determined that the proposed revisions to the regulations will not result in any costs or savings in federal funding to the state.

#### **EFFECT ON HOUSING**

The EMS Authority has determined that the proposed revisions to the regulations will not have a fiscal impact on housing costs.

#### **CONSIDERATION OF ALTERNATIVES**

The EMS Authority must determine that no reasonable alternative considered or that has otherwise been identified and brought to the attention of the EMS Authority would be more effective in carrying out the purpose for which the action is proposed or would be as effective, and less burdensome, to affected private persons than the proposed action. It is the EMS Authority's belief that in some cases, a fine would be less burdensome to a paramedic than some other disciplinary action, such as a suspension of the paramedic's license for a specified period of time. The EMS Authority invites interested persons to present statements or arguments during the public comment period or at the public hearing noted above with respect to alternatives to the proposed regulation revisions.

#### **FINAL ADOPTION OF REGULATIONS**

Following the public hearing, the Commission on Emergency Medical Services may approve for adoption the proposed revisions to the Paramedic Regulations as described in this notice. If approved, copies of the regulations as finally adopted will be sent to all persons on the EMS Authority's mailing list. #### INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

GC section 18216 specifies that regulations concerning contracting out shall be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with GC section 11340) of Part 1 of Division 3).

GC section 18701 authorizes the Board to prescribe, amend, and repeal regulations for the administration and enforcement of the Civil Service Act (GC section 18500 *et seq.*).

GC section 19130, subdivision (a), permits state governmental entities to enter into personal services contracts on the grounds that the contract will result in recognized cost savings to the state, subject to specified statutory requirements.

GC section 19131 requires a state agency proposing to enter into a personal services contract pursuant to the provisions of GC section 19130(a), to first notify the Board of its intention to do so, after which the Board is required to notify any employee organization affected by the proposed contract to request that the SPB review the contract for compliance with all legal requirements.

GC section 19134 provides specified criteria that must be satisfied before the Board can approve a personal services contract entered into under GC section 19130(a) for persons providing janitorial and house-

keeping services, custodians, food service workers, laundry workers, window cleaners, and security guard services.

PCC section 10337 authorizes the Board to establish such standards and controls over approval of personal services contracts entered into pursuant to the provisions of GC section 19130 as are necessary to assure that the contract is consistent with merit employment principles and those requirements contained in Article VII of the California Constitution.

The purpose of the proposed regulations is to provide guidance to state agencies and employee organizations regarding what information must be provided to the Board in those cases where the Board is reviewing proposed cost-savings contracts. Existing statutes and regulations do not provide sufficient specificity as to what specific information must be provided to the Board, thereby creating confusion and uncertainty as to whether a proposed personal services contract can be justified as a cost-savings contract.

In addition, the State Civil Service Act previously required each state agency and department to establish an effective affirmative action program with specified components, and to establish goals and timetables designed to overcome any identified underutilization of minorities and women in their respective organizations. Existing law further required the Board to conduct specified activities in this regard, and GC section 19130, subdivision (a)(4), mandated that personal services contracts entered into under GC section 19130, subdivision (a), could not adversely impact the state's affirmative action efforts.

Portions of those affirmative action provisions have, however, subsequently been held to be in violation of the California Constitution and the United States Constitution. As a result, existing regulations relating to GC section 19130, subdivision (a)(4), must be revised to come into compliance with existing equal employment opportunity laws.

## IMPACT ON SMALL BUSINESSES

It is anticipated that the proposed amendments will have a nominal impact on small businesses. Although the proposed amendments will require small businesses to provide more detailed information concerning their costs associated with those personal services contracts they enter into with the state, those businesses should already have ready access to the requested information in order for the business to be able to make a reasoned bid for the contract.

## LOCAL MANDATE

SPB has determined that the proposed action imposes no mandate on local agencies or school districts and, therefore, requires no reimbursement pursuant to GC section 17561.

## COST ESTIMATES OF PROPOSED ACTION

### Costs or Savings to State Agencies:

The proposed regulations will involve no additional costs to any state agency. It is anticipated that the proposed regulations will enable state agencies to better ascertain whether a personal services contract that it proposes to enter into will, in fact, result in recognized savings to the state.

### Impact on Housing Costs:

No impact.

### Costs or Savings in Federal Funding to the State:

No impact.

### Costs or Savings to Local Agencies or School Districts Required to be Reimbursed:

No impact.

### Other Nondiscretionary Costs or Savings Imposed on Local Agencies:

No impact.

### Cost Impact on Private Persons or Businesses:

It is anticipated that the proposed amendments will have a nominal impact on businesses, including sole proprietorships. Although the proposed amendments will require businesses to provide more detailed information concerning their costs associated with those personal services contracts they enter into with the state, those businesses should already have ready access to the requested information in order for the business to be able to make a reasoned bid for the contract.

## ASSESSMENT OF POTENTIAL ADVERSE ECONOMIC IMPACT ON BUSINESS

SPB has made an initial determination that the proposed action will have no significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

## ASSESSMENT REGARDING THE EFFECT ON JOBS/BUSINESSES

The adoption of the proposed action should neither create nor eliminate jobs in the state, nor result in the elimination or expansion of existing businesses in the state, nor create or expand businesses in the state.

## ALTERNATIVES STATEMENT

SPB has determined that no reasonable alternative considered by SPB, or that has otherwise been identified and brought to the attention of SPB, would be more effective in carrying out the purpose for which this action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action.

## FINAL STATEMENT OF REASONS

It is anticipated that the proposed regulations will be filed with the Office of Administrative Law pursuant to GC section 11346.9, and shall include a Final Statement of Reasons for the amendments. Copies of the Final Statement of Reasons may be obtained from the contact person when it becomes available.

## ACCESSING INFORMATION REGARDING THIS RULEMAKING FILE ON THE STATE PERSONNEL BOARD WEBSITE

The text of the proposed amendments, the Notice of Proposed Amendment of Regulations and Statement of Reasons can be viewed at [www.spb.ca.gov](http://www.spb.ca.gov).

## STATEMENT OF REASONS

The purpose of the proposed regulations is to provide greater guidance to state agencies and employee organizations regarding what information must be provided to the Board in those cases where the Board is reviewing proposed cost-savings contracts under Government Code section 19130, subdivision (a). Existing statutes and regulations do not provide sufficient specificity as to what exact information must be provided to the Board, thereby creating confusion, uncertainty, and needless litigation concerning whether a proposed personal services contract can be justified as a cost-savings contract.

In addition, the State Civil Service Act previously required each state agency and department to establish an effective affirmative action program with specified components, and to establish goals and timetables designed to overcome any identified underutilization of minorities and women in their respective organizations. Existing law further required the Board to conduct specified activities in this regard, and GC section 19130, subdivision (a)(4), mandated that personal services contracts entered into under GC section 19130, subdivision (a), could not adversely impact the state's affirmative action efforts.

Portions of those affirmative action provisions have, however, subsequently been held to be in violation of the California Constitution and the United States Constitution. As a result, existing regulations relating to GC section 19130, subdivision (a)(4), must be revised to come into compliance with existing equal employment opportunity laws.

## DECISION NOT TO PROCEED

### FISH AND GAME COMMISSION

#### Notice of Decision Not to Proceed

The Commission may initiate at a later date, with notice as required by law, a new proposal to adopt regulations pertaining to the same or similar subject matter.

## RULEMAKING PETITION DECISIONS

### BOARD OF EQUALIZATION

#### NOTICE OF DECISION AS REQUIRED BY GOVERNMENT CODE SECTION 11340.7

On or about March 28, 2007, the California State Board of Equalization received a petition from Ms. Dianne J. Spaulding of the Non-Profit Housing Association of Northern California requesting that the Board amend Property Tax Rule 140.1, *Requirements for Managing General Partner of Limited Partnership for Welfare Exemption for Low-Income Housing Properties*, California Code of Regulations, Title 18, section 140.1.

Ms. Spaulding petitioned the Board to amend the Rule to make it applicable only to limited partnerships

in which at least one general partner is not a qualifying nonprofit corporation or an eligible limited liability company qualifying for the welfare exemption.

The Board's authority to adopt regulations governing local boards of equalization when equalizing and county assessors when assessing is found in subdivision (c) of Government Code section 15606.

With the consent of Ms. Spaulding, the Board scheduled this matter for hearing on the Chief Counsel Matters agenda at its June 1, 2007 Board meeting.

On May 18, 2007, the Board mailed and posted on the Internet a memorandum containing staff's recommendation with regard to the petition.

At its June 1, 2007 meeting, the Board voted to deny the petition and directed staff to work on an administrative solution to the compliance burden experienced by managing general partners, that are the sole general partners in limited partnerships owning low-income housing property, in meeting their obligations under Rule 140.1.

A hardcopy of the petition may be requested by contacting Ms. Diane Olson, P.O. Box 942879, 450 N Street, MIC: 80, Sacramento, CA 94279-0080; Telephone (916) 322-9569; Fax (916) 324-3984; E-mail [Diane.Olson@boe.ca.gov](mailto:Diane.Olson@boe.ca.gov).

Questions regarding this matter should be directed to Acting Assistant Chief Counsel Robert Lambert, Telephone (916) 324-6593, Fax (916) 323-3387, or E-mail [Robert.Lambert@boe.ca.gov](mailto:Robert.Lambert@boe.ca.gov).

## BOARD OF EQUALIZATION

### NOTICE OF DECISION AS REQUIRED BY GOVERNMENT CODE SECTION 11340.7

On or about April 27, 2007, the California State Board of Equalization received a petition from Mr. Stephen H. Bennett requesting that the Board amend Property Tax Rule 462.060, *Change in Ownership — Life Estates and Estates for Years*, California Code of Regulations, Title 18, section 462.060.

Mr. Bennett petitioned the Board to amend the Rule to add a new change in ownership exclusion for the creation of life estates if the interests transferred do not meet three tests based on (a) the nature of the interests transferred, (b) the life tenant's acquisition of exclusive and beneficial use of the entire real property, and (c) the value of the life estates.

The Board's authority to adopt regulations governing local boards of equalization when equalizing and county assessors when assessing is found in subdivision (c) of Government Code section 15606.

With the consent of Mr. Bennett, the Board scheduled this matter for hearing on the Chief Counsel Matters agenda at its June 1, 2007 Board meeting.

On May 18, 2007, the Board mailed and posted on the Internet a memorandum containing staff's recommendation with regard to the petition.

At its June 1, 2007 meeting, the Board voted to deny the petition in whole. That decision was based on the Board's conclusion that the current version of the regulation is consistent with both Revenue and Taxation Code sections 60 and 62, as well as recent appellate court decisions.

A hardcopy of the petition may be requested by contacting Ms. Diane Olson, P.O. Box 942879, 450 N Street, MIC: 80, Sacramento, CA 94279-0080; Telephone (916) 322-9569; Fax (916) 324-3984; E-mail [Diane.Olson@boe.ca.gov](mailto:Diane.Olson@boe.ca.gov).

Questions regarding this matter should be directed to Acting Assistant Chief Counsel Robert Lambert, Telephone (916) 324-6593, Fax (916) 323-3387, or E-mail [Robert.Lambert@boe.ca.gov](mailto:Robert.Lambert@boe.ca.gov).

## DEPARTMENT OF CONSERVATION

July 10, 2007

Mr. Chuck Riegler  
TOMRA North America  
One Corporate Drive, Suite 710  
Shelton, CT 06484

Dear Mr. Riegler:

### PETITION CONCERNING CERTIFICATION OF RECYCLING CENTERS

Thank you for your letter dated May 4, 2007, and received by the Department of Conservation on June 7, 2007, regarding your request (petition) to amend regulations relating to the beverage container-recycling program. The Department of Conservation, Division of Recycling (DOR), appreciates the interest and concern you have expressed in this petition.

Pursuant to Government Code Sections 11340.6 and 11340.7 of the California Administrative Procedure Act, your letter as a petition to amend DOR regulations is accepted. Potential changes to sections 2030(f) and (g) as requested by the petitioner, as well as other affected sections of Chapter 5, Division 2, Title 14 of the California Code of Regulations, will be developed by the DOR beginning in August, 2007.

Pursuant to Government Code Section 11340.7(d), regulatory changes are prepared by the Department staff and transmitted to the Office of Administrative Law for publication in the California Notice Register.

Once that happens, a forty-five (45) day period begins in which the public may make comments relating to the proposed regulations. My staff will inform you when the Department has completed the regulatory changes, beginning the public comment period, including the date for a public hearing, if requested, on this matter. Before that time, however, we will be working with industry to develop regulatory language. We have tentatively scheduled completion of that consulting and regulatory drafting for sometime in November, 2007, but extensive commenting from interested parties may require a change to that schedule.

Thank you for bringing this issue to my attention. If you have any questions regarding proposed regulations or the regulatory process, please feel free to contact me directly at (916) 323-3836, or you may contact Kent Harris, Legislation and Regulations Unit Supervisor, at (916) 324-3209.
